

## **Sullivan Group Seizes HBJ's #1 Position**

Throughout each year, the Houston Business Journal publishes listings of the leading local businesses in a comprehensive array of industrial categories. At year's end, the business rosters are collected and published as "The Book of Lists." The March 23, 2007, edition of the HBJ carried a catalog of the "Largest Houston-Based Independent Meeting and Event Planners," ranked by total number of events planned in 2006. At the top of the list - Sullivan Group. During 2006 we planned and produced more than 300 events from business meetings to incentive events and corporate conferences. Every one was gratifying - and every client appreciated. We are Number One because of the confidence others place in us.
