

# Texas Lyceum To Camp In Kerrville

Thursday, October 11, 2007

## **Rustler's Moon Dance Part of Reunion Weekend Activities**

(KERRVILLE) Members and alumni of Texas Lyceum, the 27 year-old non-profit, statewide leadership group focused on public policy issues facing Texas and the United States, will gather in Kerrville on October 19 – 20th. Kerrville native and Lyceum alumna Jane Ragsdale will host the group's alumni reunion at the beautiful Heart O' the Hills Camp.

"We look forward to returning to Kerrville and the Heart O' the Hills Camp. It is the perfect setting for our reunion weekend," said Lyceum President Maggie Radford. "It is a chance for the Lyceum community, both past and present, to gather and renew friendships."

The group will join in the Beatlemania fun of the Rustler's Moon Street Dance on Saturday after presenting pianist James Dick with the 2007 Texas Lyceum Stewardship of Texas Values award during a private dinner at the Kerr Arts & Cultural Center. The musical event is partly sponsored by the Lyceum and will benefit Kerrville Families and Literacy.

"The Texas Lyceum is delighted to participate in this great community event and support the important work of Families and Literacy," said Radford.

### **More about the Texas Lyceum**

The 27 year-old Texas Lyceum is comprised of 96 Texas men and women who begin their tenure as Lyceum Directors before the age of 46. Each of them has demonstrated leadership in their community and profession, together with a deep commitment to Texas.

The association acts as a catalyst to bring together diverse opinions and expertise to focus on national and state issues, and seeks to emphasize constructive private sector, public sector and individual responses to the issues.

To accomplish these purposes, the Lyceum conducts periodic public forums, publishes the Lyceum Journal, and conducts programs for the Directors to explore and discuss key economic and social issues of the state and nation. For the first time in 2007, the group commissioned a public opinion survey to measure Texans' attitudes about policy and specific issues known as the Texas Lyceum Poll.
